

## My dream job

*By Kyra Gauci yr. 4*

When I grow up, I want to become an animal trainer. To become an animal trainer I need to know how to take care of animals.

I want to become an animal trainer because I love animals. I would like to work at the beach or in a field. I would teach animals how to obey. I would use a whistle, a leash, treats and toys.

I will wear a blue jacket, trousers and a badge. To become an animal trainer, I need to keep going to school and study.
