

My Town / Village

In Malta there are many towns and villages. I live in Floriana with my family. Floriana is next to the Capital City. Floriana is a lovely small town with about 3,000 residents. My home town has many different amenities .One of these is the Granaries, opposite our beautiful church of Saint Publius. In my town, there are all kinds of shops.

There are groceries, butchers, confectionaries, clothes shops, shoe shops, hair dressers and stationeries. We also have a Floriana Primary school. Floriana has also a health centre and many pharmacies. During autumn and winter, one can go to the park and also for a walk in one of the six gardens we have. During spring and summer, we go to the beach as Floriana is next to the sea.

Floriana is special because it has everything and its environment is beautiful.
